**DETAILED ACTION**

***Double Patenting***

1. The nonstatutory double patenting rejection over claims 1-18 of U. S. Patent No. 6,043,823 has been withdrawn in view of the Terminal Disclaimer filed on September 16, 2004.

***Allowable Subject Matter***

2. The following is an examiner's statement of reasons for allowance:

The instant invention recites an image processing apparatus and method comprising:

discriminating means for extracting a predetermined region by using a feature of pixel of an input image data, and for discriminating an attribute of the region; determining means for, on the basis of the distribution of the discriminated regions attributes, determining whether or not the type of the image data is a rectangular discriminative region; and

conversion means for performing image conversion when it is determined that the extracted predetermined region is the rectangular discriminative region, said conversion means converting the image to lower resolution or increasing a compression rate of the image where the attribute of the region discriminated by the discriminating means is one of a dot photo region and a continuous photo region, and converting multi-valued data of the image into binary data to reduce the quantity of information contained

Art Unit: 2623

in each rectangular discriminative region when the attribute of the rectangular discriminative region is such that it contains only black characters.

The features identified, I combination, are neither discussed nor suggested by the prior arts of record.

3. Claims 1, 4-7, 9-20, 22, 25-28 and 30-44 are allowed.
4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
